

A smiling woman with blue eyes and a grey turtleneck sweater is shown from the chest up, positioned on the left side of the frame. She is looking towards the camera. Behind her is a large, blue umbrella with a dark blue interior. The background is a dark, rainy scene with water droplets falling. The word "WEATHERPROOF" is written in a white, serif font, arched across the top of the umbrella's canopy.

WEATHERPROOF

Your Outdoor Needs are Covered

Often times, the simplest things in life make the biggest impact. Intermatic understands that simple measures can have a big effect in protecting the electrical systems and products within your home or business.

Intermatic has designed a line of hard wearing weatherproof products that provide an exact match to the application, are easy to install and provide reliability and longevity. Our full line of weatherproof products are the perfect combination of utility and innovation. From our patented Flexi-Guard covers to our heavy duty die-cast outlet boxes, lamp holders and fittings, Intermatic has you completely covered from start to finish.

Intermatic also makes it easy to stay current with the latest electrical codes and all models comply with 2002 NEC Article 250.146, which provides direct mounting of wiring devices to the switch box.

We have the best coverage in the industry and are constantly updating our product categories to meet your ever-changing needs and requirements. As new codes and articles are being introduced and enforced, Intermatic will have the box, cover or accessory you need to remain compliant.
