

ET Basic+ Series

365/24-Hour and 365/7-Day Electronic Controls

Convenient Scheduling, Seamless Integration

Simplify lighting and load schedules, reduce maintenance issues and boost energy efficiency with ET Basic+ Series Electronic Controls. The upgraded controls bring convenience and versatility to a wide range of indoor and outdoor applications and include enhanced features, such as a USB port for schedule backups or transfers. The series includes 24-hour, 7-day or 7-day Astronomic programming options.

ET Basic + Advantages

- **LED Compatibility** – Built to last, the ET Basic+ series includes zero-cross technology and a 10 A electronic ballast rating per circuit that supports LED lighting installations.
- **Enhanced Design** – Designed and manufactured in our state-of-the-art North American facility to ensure to highest performance and durability standards.
- **Holiday Scheduling** – Up to 50 Holiday or exception blocks can be used to increase energy savings or allow for unique scheduling periods.
- **Override Capability** – A built-in two-hour override allows users to quickly alter current schedules and accommodate unexpected occupant needs.
- **Comprehensive Programs** – ET Basic+ controls allow operators to set up to 48 ON/OFF events over a 7-day or 24-hour period, enough to meet even the most robust scheduling needs.
- **Automatic Voltage Detection** - Simplifies installation, no selector switch or jumpers needed for configuration.
- **Extended Warranty** – All ET Basic+ Series controls include a two-year limited warranty for added peace of mind.
